

CANADIAN SEED INDUSTRY AGREEMENT

Lawn Grass Mixtures Labeled as “Fine Fescue”

Members of the Canadian Seed Trade Association have developed and agreed to adhere to the following industry agreement on the composition of lawn grass mixtures labeled as “Fine Fescue”.

While this is a voluntary standard, it is the hope of CSTA's members that all participants in the seed trade will accept and adhere to this agreement.

A lawn grass mixture labeled as “Fine Fescue” may only contain seeds from the following:

- **Creeping Red Fescue** *Festuca rubra* L. var. *rubra*
- **Hard Fescue** *Festuca longifolia* Thuill.
- **Chewings Fescue** *Festuca rubra* L. var. *commutata* Gaudin
- **Sheep Fescue** *Festuca ovina* L.
