

**Canadian Food Inspection Agency
Process to Authorize Registered Seed Establishments
To Print Official Seed Tags
July, 2009**

The CFIA has established a process to authorize Registered Seed Establishments (RSEs) to print Official Seed Tags.

According to the CFIA RSEs must seek approval from the CFIA to print Official Seed Tags by completing and submitting the "Request Form" application. CFIA's Seed Section will review the "Request Form" and all accompanying documents. Applications that meet the "Terms and Conditions" of the "Request Form" will be issued a licence to print Official Seed Tags.

RSEs that are interested in applying to the CFIA to seek approval for printing of Official Seed Tags can obtain a copy of the "Request Form" from one of the CFIA's Area Network Specialists listed below.

List of Area Network Specialists:

Western Canada:
