**\*\*Please note:**

- Some varieties may not be readily available for the next few years.
- Some varieties have changed hands and due to low Breeder stock at AAFC, Managing Companies do not have immediate access to breeder seed.

- Carlton Brome is under the management of a new CFSP Managing Company
- Beaver Alfalfa is under the management of a new CFSP Managing Company
- Yukon Sweet Clover is going through the de-registration process with CFIA due to a continuous lack of supply or demand.
- Rambler Alfalfa is under the management of a new company, however the remaining Foundation #2 seed stock is still owned by the previous Managing Company, Pickseed.
- Due to HR issues at AAFC their planned Breeder Plots for 2013 were not planted.
